

2018 Grazing School

2018 Grazing School is a series of meetings designed to teach the principles of Management Intensive Grazing. Management Intensive Grazing is a systems approach that helps you better utilize grazed forages. If you raise livestock, and utilize pasture to feed them during the year, then Management Intensive Grazing can help you become more profitable.

The Grazing School will consist of four evening sessions: three classroom sessions at the Adult Career Center, 21740 State Route 676, Marietta OH, and one pasture walk session at Marshall’s Farm, 6605 Germantown Rd., Lower Salem OH. The School is sponsored by Ohio State University Extension (OSUE), National Resources Conservation District (NRCS) and the Washington Soil and Water Conservation District. The cost for the School is \$55 per single person (food and materials) and \$80 per couple (food and *shared* materials).

Dates, Times, Presenters: The program will start at 6:00 and last until 8:30. Dinner is from 6-6:30 and presentation will be 6:30-8:30. The first three dates will be located at the Adult Career Center and the last date will be an on-site pasture walk.

March 27th - Adult Career Center: 21740 State Route 676, Marietta, OH 45750
