

# Ohio Beef Cow/Calf Workshop - Optimizing Herd Reproduction and Profitability

Reproduction and genetics are important factors for a cow-calf operation. The long-term investment of genetics plays a critical role in the development and management to ensure longevity within a herd. Join OSU Extension and Dr. Luke Morrow of Good River Veterinary Services in Washington County to discuss and demonstrate the practices that you might apply on your farm to improve your operation with regards to optimizing reproduction and cow-calf profitability.

**Friday, March 13, 2026, 10:00 am - 2:30 pm, Barlow Fairgrounds**

State Route 339 & OH-550, Barlow Ohio 45712. Afternoon program will move to Steve Neill Farms
