Reasons for Container Gardening

- Grow plants where there is no access to the soil.
(example: windowsill, patio, balcony or doorstep)
- No space for a garden.
- Add attractiveness and liveliness to dull areas like patios.
- Good for people with disabilities or mobility problems.
- Low cost/low input.
- Easy to be successful.
- Start sooner in Spring.

*Participants will get free plants,
one vegetable and one flower.*
